Success Upon Success Crowns Overland

Overland success is the talk of the country!

Great strides ahead -- conspicuous leadership -- warm words of praise on the lips of people everywhere -- all these things focus on one big, vital fact: Overland motor cars have the right stuff in them.

Big proof of this was shown very vividly in Overland sales during the New York show -- when Overland set a new show-time record in retail sales.

The year just ended has been the greatest of all the 15 years of Overland history.

The big crowds that hem around these cars at the Automobile Show simply mirror business and heartiness of public interest everywhere. The new Overland models are marvels at the price.

Look at the new Overland Champion, for instance. It brings a quality closed car with features and utilities hitherto unheard of within reach of every purse. America's first all-purpose car -- conceded to be by far the most useful car on wheels.

The Champion and all Overland models have the big Overland engine-brute power with extreme economy. Leaders at the Show -- leaders on the road -- leaders in the many satisfactions they bring to owners. See them. Sit in them. Ask for a sample of their performance. Ten minutes looking or ten minutes riding will tell you why these fine cars are multiplying so rapidly on the streets of America.

OVERLAND WINS ECONOMY RUN.

BEATS OTHERS IN NORTH WITH HIGH MILEAGE MARK.

North Dakota residents are talking yet about the wonderful economical performance of an Overland car which turned over 38 miles on one gallon of gasoline when handled by its owner, Charles David, a mail carrier, during a county fair demonstration arranged by the Dickinson Fair Management near Bismark. The Overland defeated all other cars in the competition with Ford, second with 31 miles; Gray, third 28 miles; Hupmobile, 28 miles; Star, 27 miles and Chevrolet, 26 miles.

The performance of the Overland is more remarkable when it is considered that the valves of the car had not been ground in the last 7,000 miles of the total of 20,000 registered by the speedometer. No special attention was given the Overland motor or carburetor prior to entering the contest, according to the owner. Its performance, according to Mr. David, is similar to the one recorded daily when the car is used to carry U. S. Mail over the rough Dakota roads.

AXLE SHAFT IS EASILY REMOVED.

There is embodied in the Overland touring car some features found only in cars selling for a much higher price and one of these distinguishing characteristics is the rear axle equipment. The Overland is constructed with a sturdy rear axle with removable axle shafts, a construction used today on the most expensive cars in America. These shafts can be removed without disturbing the housing. The quality of this important unit of the Overland is enhanced by the liberal use of Timken and New Departure bearings, five of them being used in this part of the car, and according to the Overland engineering department, there is not another light car in America that can duplicate this sturdy and expensive construction.

The differential assembly is forged in one piece, permitting the use of unusually large pinion gears. The drive and ring gears are of the noiseless bevel type. In this one-piece differential case, which is of great strength, there are no bolts to work loose and no openings for faulty assembly to throw halves out of alignment through dirt or other foreign matter working in between the halves. The superior design permits two exceptionally large differential pinions. The Overland ring gear is also unusually large, of the spiral bevel type, exactly as installed on the highest priced cars, and with the accurately cut pinions runs smoothly, quietly and without trouble or need of adjustment.

pistons these sleeves gain a glass-like finish.

Willys-Knight production has steadily increased year by year, except for the war years when the factory was in munition production. The year 1923 was the biggest in Willys-Overland history.

JOHN NORTH WILLYS

President of The Willys-Overland Co.

"Bankers admit that Willys has astonished them by his achievements during the last twelve months... His comeback has won the admiration of the industry... Competitors declare that they take off their hats to him."—B. C. FORBES, in Toledo Blade of Jan. 23, 1924.

OVERLAND TRAINING SECTIONS DEVELOPED.

Fifty training sections have been developed and are now in operation in the various departments of the Willys-Overland factory at Toledo, Ohio.

One of the most successful of these is the radiator department, where a large force of men are now engaged in learning the numerous branches of the radiator trade. Recently some 40 men graduated from this training division and took their places on the regular force. Instruction includes soldering operations in detail; the various fluxes used in the application of solder and the proper proportions of lead and tin to use in solder for a wide variety of purposes.

The proper maintenance and use of soldering coppers are also thoroughly covered so the men are in a position to do the most difficult work in this branch of motor car manufacturing. Training groups are now in operation for testing, assembling, core dipping, oil pan soldering, windshield assembling and glass grinding.

These classes were primarily formed to educate efficiently and quickly, men for the rapidly increasing force of Willys-Overland workers, necessary to keep pace with the keen demand for cars. The factory output for 1923 was nearly 200,000 cars making it the biggest year in production, in the history of the Company.

Willys-Overland has the largest forge shop in the automobile industry, with 85 steam hammers and 57 forging and upsetting machines.

There are about five miles of wire in the 600 coil springs in the cushions and back of the Willys-Knight five-passenger sedan.

OVERLAND "PLUS" CAR FOR COMFORT.

"These are the needs of the day in personal transportation," said A. C. Perkins of Jackman-Perkins Company Willys-Overland city dealers.

"One—Economy. Economy in first costs plus economy in operating costs and economy in upkeep over a long period of use.

"Two—Comfort. And this means not alone the physical ease you have a right to demand from the motor car of your personal choice at any time on any sort of road, but the mental ease that can come only from the confidence the Overland immediately gives you in the quality of its design, in its materials and in its construction.

"Three—Power. Power with light weight. The ability to go wherever business or the lure of the road calls; power as expressed in those ample reserves of speed and pull which merge into practically effortless motion.

"Four—Completeness. A car whose first cost provides you all the conveniences of equipment you need for immediate use."

THE NEW CHAMPION OVERLAND IS HERE.

Just received another carload of Overlands, get yours today or place your order for a new Overland or Willys-Knight for the next carload shipment.

Overland and Willys-Knight are the finest Automobiles in their price class built in the world today. Come in and see the new Overland Champion, the first real all-purpose car.

WOULD TURN OUT 300,000 CARS IN 1924.

WILLYS-OVERLAND MAKE GOOD START WITH 22,048 IN JANUARY.

Of the 22,048, 15,500 Overlands and 6,500 Willys-Knights.

With the announcement of a total production of 22,048 cars, amounting to a net volume of \$17,632,400 during the month of January, Willys-Overland has made a gratifying start toward the realization of its goal of 300,000 Willys-Knight and Overlands to be produced during 1924.

This record is more than twice as great as the production mark of a year ago, which saw Willys-Overland started for its peak of more than 200,000 cars.

Of the 22,048 cars produced during last January, 15,500 were Overlands and 6,500 were Willys-Knights, a new record for Willys-Knight production.

Sales Reports Optimistic.

The highest single day's production for the month was 1032 cars, not far behind the topmost daily mark of the last summer. Since then, this pace has been held steadily and it is anticipated that the average daily output during February will approximate January's high point. A working force of 11,000 is now being maintained at the factory, with additions being made constantly.

Reports of retail sales are very satisfactory according to Willys-Overland officials, having doubled in January those of a year ago. The demand has been so heavy and constant throughout the cold weather period that the number of cars stored by dealers for the spring rush is much less than was expected.

No better indication of the healthy sales condition can be gained than an analysis of automobile show sales records. Sales records during the New York Show displayed a 150 per cent increase over a year ago.

Chicago Shows Lead.

Buffalo's sales curve also show a sharp upward trend. Milwaukee, despite zero weather, set a new peak for retail business. Elmira, N. Y., a city of 35,000 inhabitants, purchased 51 Overlands and Willys-Knights during its show week.

Once again Chicago took the lead in Willys-Overland retail sales, reporting 544 sales during its show. This record was followed one week later by Toledo, Ohio, where 322 Overlands and Willys-Knights were sold during its own show week.

This brisk buying, climaxing the steady interest throughout the country all during the cold weather, has made it necessary for Willys-Overland to take energetic steps to speed up production plans for the next few months.

120 ACRES IN W-O PLANT.

Some idea of the remarkable growth of the Willys-Overland plant since 1908. Then it contained 300,000 square feet of floor space. Today it contains 4,232,436 square feet or an equivalent of 120 acres entirely under roof. This means that the plant has been enlarged 15 times its original size through public appreciation of its popular models.

JUST LIKE HOME DAY AND NIGHT.

OVERLAND CHAMPION GIVES NEW FEATURES IN CLOSED CAR BUILDING.

Would you pack up your troubles, equipment and hunting dog, in 50 cubic feet of space, right inside of your car and hie to the brush where the drumming of the partridge lulls dull care?

Would you when night comes down on a busy day with your twelve gauge, remove both the front and rear seats of your car with the upholstery and make a luxurious bed occupying the whole length and width of the coach—and sleep peacefully and undisturbed?

If you would do all these things and call the outing a success, then lose no time in inspecting the Overland Champion model—from the Willys-Overland factory at Toledo, Ohio.

This unique car, like its big brother, the Willys-Knight coupe-sedan, has doors both in front and rear; is finished inside in Spanish long grained washable upholstery; is powered with the larger Overland engine built in the Willys-Overland shops and built on the standard Overland chassis that assures strength and safety. The body of all steel construction cradled on the famous triplex springs, contains some of the most interesting and useful innovations seen in closed car design in many a long day. For instance the front seat is adjustable to three different positions. A tall driver can adjust this seat to permit his driving comfortably without the leg cramp, while the short driver has been taken care of by being able to move the seat forward so that he can reach without stretching, the foot pedals. Even when the tall driver is arranged to suit himself with the seat moved back, the passengers in rear seat are not in the least inconvenienced as the rear seat is also adjustable and can be moved back to avoid crowding. And here is where the hunter and camper rejoice.

The rear seat is entirely removable along with the upholstery providing fifty cubic feet of space to store anything from bags to dogs, camping outfit and what-nots.

Then the front seat and rear seat can both be removed and made into a luxurious bed, occupying the whole length and width of the interior.

The usual trunk provided on the rear of the Champion is not niggardly in size. It is built to be of real carrying service and is big enough to hold a large assortment of personal belongings that can be securely and safely locked.

GIANT OVEN FOR BAKING ENAMEL.

A giant oven at the Overland auto factory is used for baking the various coats of enamel on the all-steel bodies of 91 Overland touring cars. This oven is higher than a man's head, wider than an automobile and 215 feet long. The enamel baking process requires 3½ hours, starting at a 350 degree temperature and gradually increasing until a heat of 600 degrees is used at the finish.

STUDENT BODY AND FACULTY PETITION BOARD OF TRUSTEES.

The following petition was made to the Board of Trustees by a high school committee, February 8. The committee was composed of Albert Hutzler, Chairman; Tony Windrow and Velma King, Seniors; Frances Neuman and Joe Wilson, Juniors; Marietta Fly, Sophomore; Chancey King, Freshman; and Hall Foster, 7th grade representative. To the Members of the Board of Trustees:

Realizing that the Members of the Board of Trustees are interested in the progress of the Hondo School and are doing all in their power for the growth and development of the school, we, the students and teachers of the Hondo School, petition the Board that they please reconsider their recent decision as to the election of the superintendent of the Hondo Schools and re-elect Superintendent J. D. Howell, because of the following reasons:

First: He has raised the standing of the Hondo High School from an unaffiliated school to an affiliated school of the highest standing. When he came here, the school had only six credits and now this same school has sixteen and one-half credits with an application for a half credit in economics which will be granted this year. Through his influence the Senior Class of 1920 published the first issue of The Huajillo Leaf. And through his influence the English Department obtained the fourth credit in English which is an honor few schools possess.

Second: He has promoted athletics, thereby, raising the standing of the schools with surrounding towns, interesting the older boys in their work, and creating a school spirit throughout the County, for until Mr. Howell came County Meets were held irregularly, and since that time it has been held annually with Mr. Howell doing all in his power to make each Meet a success.

Third: He has maintained the best discipline that any student of the school can remember, which extends not only in his own class rooms but throughout the school.

And last: He has elevated the school to the highest position that a school can obtain, which is shown by the report of the State Department—no recommendations.

Signed: Albert Hutzler, Louise Griffiths, Jerome Foster, Lillie Frerichs, Velma King, Travis Mansell, Eunice McClaugherty, Willie Belle McClaugherty, J. C. Merriman, Jr., Alice Neumann, Lela Neumann, Corinne Reynolds, Leslie Stiegler, Tony Windrow, Volney Boon, Lawrence Brucks, Elsie Buss, Milton Schweers, Reinhart Rothe, Homer Wilson, Lloyd Parsons, Frances Neuman, Elmer Neuman, John H. Meyer, Theresa Lebold, Bessie Mae Mask, Irene Lebold, Roberta Hudspeth, Lottie Hollaway, Jerry Fusselman, Alice Leinweber, Thelma Lynch, Earl McClaugherty, Owen Moffield, Alice Muennink, Marvin Schweers, Dan Strawn Earmon Taylor, Arnold Wendland, Roy W. A NEW SUPERINTENDENT.

R. C. Donaho, who is now superintendent of the Lytle schools, has been elected superintendent of the Hondo schools for the ensuing term. Mr. Donaho is a strong school man, holds two degrees and a State Permanent certificate. He has been in the school work for fifteen years, participating in almost every phase of it from a rural school teacher to some of the best superintendencies in South Texas. He was formerly superintendent of the Mathis schools where he built up one of the best schools in that section, having a \$12,500 bond issued voted for high school purposes only, and previous to this he was superintendent of the Rockport schools, county seat of Aransas County, for three years. was a member of the South Texas Summer Normal Faculty in Corpus Christi in 1916 and has served on the State Board of Examiners for two years. Mr. Donaho has always made good where he has worked and has been re-elected at a raise in salary. The past two years he has

Habitual Constipation Cured in 14 to 21 Days.
"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regularizes. Very Pleasant to take. 60c per bottle.

Advertise in this paper.

No Worms in a Healthy Child
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 75c per bottle.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of Medina County—Greeting:

YOU / RE HEREBY COMMAND-
ED, That you summon, by making Publication of this Citation in some newspaper published in the County of Medina for four weeks previous to the return day hereof, Harry FitzPatrick, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Medina, at the Court House thereof, in Hondo, Texas, on the 21st day of April, A. D. 1924, then and there to answer a Petition filed in said Court, on the 13th day of March A. D. 1924, in a suit numbered on the docket of said Court No. 2021, wherein Laura FitzPatrick is plaintiff and Harry FitzPatrick is defendant. The nature of the plaintiff's demand being as follows, to-wit: that plaintiff is and has been, for a period of twelve months prior to exhibiting the petition, an actual bona fide inhabitant of the State of Texas, and has resided in Medina County for at least six months next preceding the filing of this suit; that on or about June 17th, 1919, in San Antonio, Texas, the plaintiff, who was then a single woman by the name of Laura Bilhartz, married said defendant; that they continued to live together as husband and wife until on or about December 29, 1920, when the defendant deserted plaintiff and their baby boy at their home in Ranger, Texas, with the fixed intention then and there on the part of said defendant to desert and permanently abandon plaintiff and her child, and that he did so desert and permanently abandon plaintiff at said time and place, since which time she has never seen nor heard from him; that since defendant deserted her, she has made diligent efforts to locate him but that she has been unable to do so, and his residence is unknown. Plaintiff alleges that during the time she and defendant lived together as husband and wife she at all times was faithful and true to her marital vows and obligations, and that she was always kind and affectionate towards him, and that his desertion of her was without cause or provocation. Plaintiff further alleges that she had one child by defendant, to-wit: a boy, named Jack FitzPatrick, age about three years nine months, and since defendant deserted her, said child has been in the care and custody of, and supported by plaintiff and her parents; that said marriage relations still exist, but that defendant's actions and conduct in deserting plaintiff and baby, wholly without cause are of such a nature as to render their further living together as husband and wife insupportable, the premises considered; wherefore plaintiff prays the Court that defendant be cited by publication to appear and answer herein, and for judgment dissolving said marriage relations, for the absolute care, custody and control of the child, for costs of suit, and for such other relief, in law and in equity, that she may be justly entitled to.

HEREIN FAIL NOT. And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Hondo this, the 13th day of March A. D. 1924. Issued same day.

[L. S.] AUGUST KEMPF,
Clerk District Court Medina County, Texas.

IT'S BEEN HERE.

The Chautauqua was here this week.

It was here for three days—Tuesday, Wednesday and Thursday—and gave both an afternoon and an evening program each day.

The programs consisted of a lecture and a musical or histrionic program at each meeting.

The entertainment features were wholesome and clean; music that charmed and pleased, humor that amused without suggestiveness or the slightest offense against good taste.

The lectures, while not sparkling gems of eloquence, were masterpieces of inspiring and forward-looking thought. No one can listen attentively to the Radcliffe lectures without being benefitted. It brings a message of optimism and encouragement that is a welcome relief from the dull routine of ones every day thoughts. Hondo is better for the Chautauqua having been here.

An encouraging feature of this Chautauqua is that despite the unfavorable weather the attendance was such that for the first time there is no deficit in the guarantee fund. The net proceeds over and above the \$550.00 paid the Company are about \$80.00. Something like sixty of our citizens signed the guarantee for the Chautauqua's return next year.

The pep rally Monday night, participated in by the local people and directed by the Chautauqua manager, was not the least of the amusement features of the event. It loosened the floodgates of merriment, so to speak, and the spirit of good humor and fun permeated the rest of the program.

TO STOCKMEN.

My black Percheron horse will stand the season at John A. Wiemers, eight miles northwest of Hondo. Rates: \$10.00 for the season. 6t.

DR. J. FREEMAN NEAL.

Our Yancey letter reached us Monday night, was the first news of the death of Dr. J. Freeman Neal, for many years a physician and local minister of the Methodist church, a leading citizen of Lytle. Dr. Neal fell asleep at the home of his daughter, Mrs. J. P. Nixon, of Yancey, March 7th, and the remains were interred at Con Can where he had made his home with a son, we believe.

Dr. Neal was much loved by everyone in this entire section who knew him. He was a fine physician and a splendid preacher, often supplying for the Lytle church in the absence of a pastor and for a time was pastor, if we mistake not. Besides being a physician and minister, he was a writer of ability and had one or more books published, besides his contributions to magazines and newspapers. Some of his writings were formerly published in this paper, of which he was a true friend for many years. Since giving up his practice and active work he has lived at Con Can and Plainview with his children. —Devine News.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

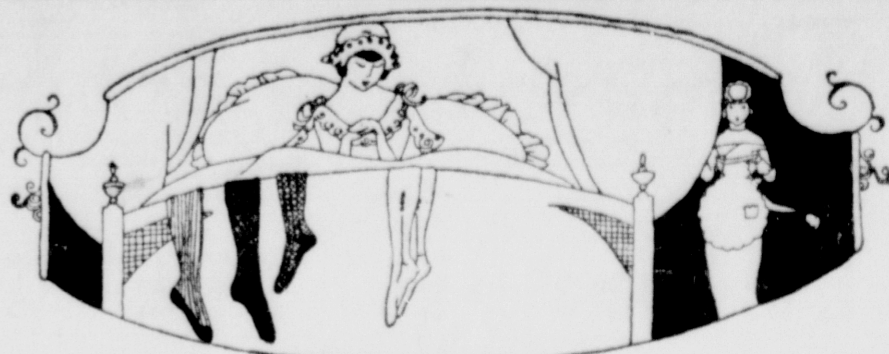

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c. Just ask your druggist for HAYES' HEALING HONEY.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

To Cure a Cold in One Day

Take LAXATIVE BROMO QUININE (Tablets.) It stops the Cough and Headache and works off the Cold. E. W. GROVE'S signature on each box. 30c.

CATARRHAL DEAFNESS

is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing. Unless the inflammation can be reduced, your hearing may be destroyed forever.

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh. HALL'S CATARRH MEDICINE has been successful in the treatment of Catarrh for over Forty years. Sold by all druggists. F. J. Cheney & Co., Toledo, O.

Aspirin

Beware of Imitations!

Unless you see the "Bayer Cross" on package or on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by physicians over twenty-three years for

Colds	Headache
Toothache	Lumbago
Neuritis	Rheumatism
Neuralgia	Pain, Pain

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proven directions. Handy boxes of twelve tablets cost few cents. Druggists also sell bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

It will pay you to know the facts about YOUR EYES.

QUIHI NOTES.

The first of a series of Lenten services was held in Bethlehem Lutheran church last Wednesday night. Such a service will be held in this church during the Lenten season every Wednesday night at 8:00 o'clock. The subject of the Lenten discourses is "The Passion of Jesus Christ."

Last Sunday the first regular English service was held in the Quihi Lutheran church. Though the day was pretty cold and windy, the service was fairly well attended. The consensus of opinion appears to be favorable to these services and indicates that they will be beneficial to the church and community.

Next Sunday night the Bethlehem Luther League will give its monthly program which promises to be very interesting. The following numbers are scheduled to be rendered: Two renditions by the church choir with Mrs. Henry Schuehle at the organ; select readings by Mr. Alfred Boehle, Miss Alice Mumme and Mr. Rolf Saathoff; duet by Misses Emma Nietenhoefer and Amanda Grell; quartet led by Mr. Edwin Grell; declamation by Miss Hulda Neumann; lecture by Rev. Hasskarl.

A SURPRISE PARTY.

A surprise party was given at the home of Mrs. Louisa Ward, Friday night, March 7. After several games of Forty-two, Flinch, Rook and Checkers were played, supper consisting of cake and chocolate was served to the following:

Mr. and Mrs. F. M. Ward and family, Mr. and Mrs. W. B. Ward and family, Mr. and Mrs. Monroe Ward and son, Mrs. Nannie Ward, Mr. and Mrs. Thomson and son, Mrs. J. W. McCaughan, Mrs. H. N. Burgin and son, Mrs. F. W. Bohmfalk and children, Mrs. Paul Spellman and son, Misses Ethel, Thelma and Viola McCaughan, Lou Evens, Willie Bandy, Emma and Bettie Crain, Artie, Martha, Ida and Ora Berry, Beulah and Freddie Braun, Bess Rogers, Messrs. Charlie, Arthur and Marvin Bohmfalk, Lucian, Charlie, Byron, Ray and Clarence Ward, Douglas, Jay, Ernest and Robert Hardt, Emmette, Marvin and Othella Berry, Edgar Moss and Clarence Crain.

At twelve o'clock every one departed for their homes hoping to meet Aunt Lulia again soon.

The Last Rose of Summer.

PHILATHEA CLASS MEETS.

The Philathea Class met last Tuesday with Mrs. Tom McClaugherty. Opened by Mrs. S. Fly; reading of minutes, Mrs. Roland Chancey. The class studied the first 2 chapters of Mathew, led by Mrs. F. S. Cockrell. The hostess served a refreshing salad and sandwich course with hot chocolate.

The next meeting will be at Mrs. J. A. Horger's; Mrs. Walter McClaugherty as hostess; Mrs. Theodore Barnes, leader. March 25th; 3rd and 4th chapters of Mathew.

ADMITTED TO TRAINING CAMP.

San Antonio, Texas, March 18—The Commanding General, 8th Corp Area, has approved the application of Anthony Joseph FitzSimon of Castroville, Texas, for admittance to the Citizens' Military Training Camp for 1924.

Mr. FitzSimon will be privileged to attend the Citizens' Military Training Camp to be held at Fort Sam Houston, Texas, during the month of August, all his expenses being paid by the Government.

BOX SUPPER.

On Friday evening, March 21, beginning at 7:45 the pupils of the Vandenberg School will give a box supper and program.

At the close of the program, the boxes will be auctioned off. The parcel-post table may interest you. Refreshments consisting of pie, cake and coffee will also be on sale.

Come and enjoy the evening with us. The Vandenberg Pupils and Teacher.

CARD OF THANKS.

We wish to thank our friends for their work in extinguishing the fire in our warehouse last Sunday evening. We wish to further mention and thank Mrs. Mina Koch for reporting the fire immediately, and Miss Effie Reinhart for her promptness in spreading the alarm to every one she could reach.

FARMERS EXCHANGE, Hy. Wernette, Manager.

EVERYTHING MEN WEAR IN NATIONALLY KNOWN LINES

Go to San Antonio for Retail Trade Week, March 17th, to 22nd, and take advantage of the pleasures and benefits offered. The entire time will be replete with amusement and crowded with beautiful sights. All of the merchants of San Antonio have joined their efforts to make this a most enjoyable and profitable time for each and every visitor. A special rate of one and one-half fare has been made by all railroads and bus lines for roundtrip tickets to San Antonio during the Trade Week.

With the Spring Season practically here no better opportunity could be found to purchase the Easter wardrobe, whether it be for man, woman or child. And every need of furnishing up the home for the after-lenten entertaining can be met at this time. The stores will be filled with special displays of unlimited assortments of merchandise; men's wear, ladies' ready-to-wear, attractive clothes for children and accessories for all, as well as the last word in house furnishings.

Style shows will be held at the different shops at which live models (Continued below.)

A Few Items That The Largest Strictly CASH STORE In The State Has To Offer

FOR TRADE WEEK

WE HAVE PLANNED, prepared, sent our buyers to the Market, worked for days to make this one week the greatest in our history. Our buyers went forth with Thousands of Dollars, and you can imagine how much they SAVED ON EVERY PURCHASE. They brought First Grade, Dependable High Class Merchandise at such ridiculously low prices that we did not believe our eyes when we saw it. They brought from the same manufacturers that the other stores do, BUT FOR CASH, and at a time when the Mills needed CASH the most. The prices on all of this fine merchandise will magnetize you, make you stand with awe when you see it, to say the least, will startle you, and will make you wish that you owned a bank, you will want to buy so much. That is just the kind of bargains you can look for. The whole store is just "chuck" full of them, on every inch of space you will find some other useful item at a LOWER PRICE. "Kaufman's" is known as "Our Store" because every one feels at home, and once within our doors you will say the same. Excellent service, polite employees, low prices, fine merchandise, are the outstanding features, and a visit will make you a regular customer, too.
